Plan update

Dear Mr. Rubenstein and Ms. Beardsley:

Please find the attached revised Site Plan, Well easement Plan and Addendum #4 to the Storm Water Management Report. Addendum#4 also includes the revised Stormwater Locations Plan and the revised HydroCAD calculations. All revised plans have a February 16, 2016 revision date.

The purpose of this latest revision is to provide a greater separation between the Area of Impact (AOI) and the proposed wells.

Please call, if you have any questions

Sincerely,

Bruce Saluk P.E., P.L.S.
